Summary: Inspired by the song, Cold As Ice, which played when El broke up with Mike. A little snippet as to what they might've been thinking during this.

Cold As Ice

Recently, I've really taken a liking to *Cold As Ice* by Foreigner. You know, the song that played when El broke up with Mike.

Well, I've been thinking over the lyrics and can't help but wonder what El, Mike, Max, and the other boys were thinking when this happened.

So hopefully you enjoy!

(Lyrics in bold, quotes from the show in italics, story in regular font)

You're as cold as ice

"*But friends don't lie.*"

"*No. But boyfriends do. All. The. Time.*"

El thought this over. Why would boyfriends lie?

You're willing to sacrifice our love

"*Mike treats you like garbage. You're going to treat him like garbage. Give him a taste of his own medicine.*"

"*Give him the medicine.*"

El smiled. She was going to pay him back. Treat him like garbage.

You never take advice

"*I'm not gonna lie. It's gonna be bad. But, you can fix this. It's just one little mistake. I've made hundreds. Thousands. Max has dumped me five times. But what have I done? Huh? Have I despaired? No. I've marched back into battle and I've won her back every single freakin' time.*"

Mike heard him alright. He just had to find something that would make El forget about him lying. But friends don't lie.

Someday you'll pay the price, I know

"I dump your ass."

And that was the price. To see Max grin behind El, it made Mike infuriated. It was all her fault. She was spending too much time with El. They'd still be together if it weren't for Max.

I've seen it before

It happens all the time

Closing the door

You leave the world behind

"Three inch minimum!"

You're digging for gold

Yet throwing away

A fortunate in feelings

But someday you'll pay

"I dump your ass."

It felt good to have authority. El laughed as soon as her and Max were on the bus. She did it. She gave him the medicine.

You're as cold as ice

You're willing to sacrifice our love

You want paradise

But someday you'll pay the price, I know

"Is she your pet or something?"

"Yeah. Am I your pet?"

El thought it felt good to say that, even though she didn't know what Max meant. She liked having control.

You know that you are

As cold as ice to me

"Why do you lie?"

He knew it. El knew he was lying. Boy, was he in deep shit...

Well, sorry this is kinda short. The lyrics repeat themselves and I really couldnt think of anything else for the lyrics.

Hopefully you liked this. If you did a review would be great, even if you just say good job or something short.

Thanks,

Star
